Jessie M. Roberson  
Assistant Manager for  
Environmental Restoration  
DOE/RFFO

TRANSMITTAL OF FINAL PHASE I RCRA [RESOURCE CONSERVATION AND RECOVERY ACT]  
FACILITY INVESTIGATION/REMEDIAL INVESTIGATION REPORT (RFI/RI) RESPONSE TO  
ENVIRONMENTAL PROTECTION AGENCY (EPA) COMMENTS FOR OPERABLE UNIT (OU) 15,  
INSIDE BUILDING CLOSURES, TO THE DEPARTMENT OF ENERGY/ROCKY FLATS FIELD OFFICE  
(DOE/RFFO) - SGS-006-95

Action: Submit Final Phase I RFI/RI Response to EPA Comments to the Colorado Department of  
Public Health and Environment (CDPH&E) and EPA.

The purpose of this letter is to transmit the Final Phase I RFI/RI Report Response to EPA Comments  
to DOE/RFFO in compliance of the Interagency Agreement (IAG) milestone of January 4, 1995 for  
submittal of the report to the regulatory agencies.

The Final Phase I RFI/RI Report was completed and transmitted to the EPA and CDPH&E on  
December 19, 1994. The final report was issued as directed by DOE/RFFO without benefit of  
EPA comments on the Draft Phase I RFI/RI Report. The EPA comments were received on  
December 14, 1994. EG&G Rocky Flats, Inc.'s goal was to develop and provide DOE/RFFO  
with this response paper in a timely manner. Transmittal of the Response to EPA Comments  
document fulfills the IAG milestone in all regards.

The future plan for OU 15 is to receive approval of the Final Phase I RFI/RI Report, then complete a  
No Action Proposed Plan and a No Action Corrective Action Decision/Record of Decision. This  
recommendation has been previously submitted to DOE/RFFO and approved through the Closure  
Strategy Paper for Operable Unit 15, Inside Building Closures. The Closure Strategy Paper was  
transmitted under separate cover to DOE/RFFO on December 19, 1994 for submittal to the  
agencies. It is EG&G's hope that this paper will help to define the recommended closure process for  
OU 15 and facilitate approval of the Final RFI/RI Report.

If you have any questions regarding this correspondence, please contact Rich Ray at extension 8557.
